2022 FLORIDA LEGISLATIVE SESSION REPORT

As we look back upon the 2022 Florida Legislative Session, CFHLA was extremely successful in accomplishing four (4) of our seven (7) primary legislative priorities this year. To learn more, please download a copy of our 2022 Florida Legislative Session Summary. This summary includes the CFHLA Government Relations Team, as well as the 2022 Legislative session highlights.
GOVERNMENTAL AFFAIRS COMMITTEE

On Wednesday, March 23rd, the CFHLA Governmental Affairs Committee held a special meeting with Orange County Mayor Jerry Demings at GrayRobinson (Thank you, Chris Carmody and Robert Stuart!).

During this meeting, Mayor Demings educated our members on the proposed transportation sales tax referendum effort that was relaunched again earlier this year. The current plan calls for a proposed penny sales tax on the November 2022 ballot for Orange County residents to decide, pending a vote by the Board of County Commissioners. Thank you Mayor Demings for joining us and discussing this very important issue for our community!
CFHLA URGES ORANGE COUNTY COMMISSIONERS TO MOVE THE PROPOSED TRANSPORTATION INITIATIVE FORWARD

In response to Mayor Demings and his transportation proposal, the CFHLA Board of Directors voted this week to urge the Orange County Board of County Commissioners to move the proposed one-penny Transportation Sales Tax forward and onto the November 2022 ballot.
CFHLA believes that now is the time to have a discussion surrounding our long term transportation needs as a region. This includes establishing a new revenue source, separate from the Tourism Development Tax, to fund current and long term public transportation initiatives and infrastructure needs within Orange County.

The Orange County Board of County Commissioners will be voting on this proposal at the April 26th Meeting. If approved, this proposal will go directly to the voters on the November 2022 general election ballot.

### REGIONAL TOURIST DEVELOPMENT TAX UPDATE

**Orange County**

Orange County announced that the January Tourist Development Tax collection was at $22,414,200. That is a 189.9% increase over January 2021. However, month-over-month, January's collections were lower than December's by $5.8 million and lower than January 2020 collections by $3.6 million. These were the lowest pre-pandemic January collections since January 2017 and were mostly due to the Omicron variant.

**Osceola County**

Osceola County announced that the January Tourist Development Tax collection was at $4,846,852. That is a 127% increase over January 2021. However, month-over-month, January's collections were a 23% decrease from December 2021 and a 7% decrease from December 2019.

---

**Seminole County**

Seminole County announced that the January Tourist Development Tax collection was at $526,380. That is roughly an 11% increase from December 2021! This is Excellent News!
